### Message From Customer Service

Hello,

I'm writing this regarding the unknown charge issue.

In this case, please go ahead and call your Bank's customer care service and dispute the transaction. So that they can locate your transaction.

If they provide any dispute ID, please write back to us.

If you have any further query, please let us know and we can proceed further.

I hope this helps. We look forward to seeing you again soon.

Warmest regards,  
Samson T
